PRÉSENTATION DE L'ENTREPRISE

MISTER RADIATOR est une société professionnelle spécialisée dans l'importation, la fabrication et la réparation de la plus large gamme de produits et de modèles dans l'industrie du refroidissement à Maurice

Avec plus de 45 ans d'expérience dans l'industrie de l'échangeur de chaleur, nous employons la dernière technologie

Et des matières premières à la fabrication de notre:

RADIATEURS:

INTERCOOLERS:

CONDENSATEURS:

PVC ET TUYAUX FABRIQUÉS:

CORES:

ÉTUDES:

Nos refroidisseurs sont fabriqués dans les usines avec CE, ISO, TS CERTIFICATION

Et tous portent une GARANTIE d'un an (1 an)

Nos produits peuvent être trouvés dans une multitude d'applications:

Véhicule léger et petit camion

Camions et autobus

Agricole

Sylviculture

Hors route et terrassement

Compresseurs

Bétonnière

Générateurs

Éoliennes

Industrie pétrolière et gazière

Locomotives

Chariot élévateur

Nous sommes devenus une entreprise qui peut offrir la plus large gamme de:

Marques américaines

Marques européennes

Marques japonaises

Marques coréennes

Marques chinoises

Nous continuons à élargir notre gamme de produits et nous sommes engagés à l'innovation, quality

Et le maintien des plus hauts standards de qualité

Nous sommes fiers de nous-mêmes honnêtement dans nos relations d'affaires et en regardant en avant, à l'ajout de valeur pour vous et votre entreprises

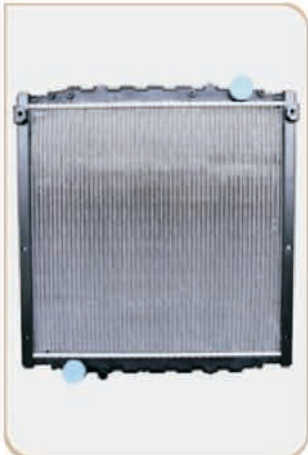

INTERCOOLERS

OFF ROAD RADIATORS

RADIATORS

INTERCOOLER

Intercooler is the important part of turbo charger system, aiming to improve the air-changing efficiency of engine. By using the patented double-protruding header plate punching technology, our products tube is easier to hold the header plate, making it very difficult to leak. With the fast and accurate intercooler development, our product is getting more and more popular in all world trucks.

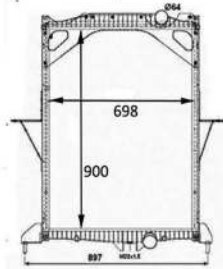

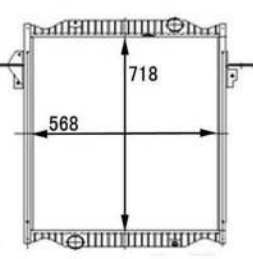

OFF ROAD RADIATOR

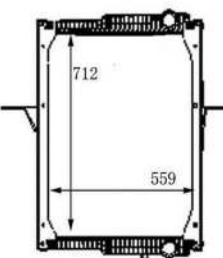

Offroad vehicle radiator is our newly marketing products, which employs high quality material and strict high quality control, making sure our products stable working under high temperature, high pressure, high salted air corrosion and vibration environment.
